Dr. R. A. Falconer,  
President, University of Toronto,  
Toronto, Ont., Canada.

Dear Dr. Falconer:-

I have taken up the matter of your visit with a number of the graduates, and I believe that March 23, 1916 will be most favorable. I am today sending out a letter to each of the graduates asking them to reserve the evening of that date for a dinner, when we can all get together. As our numbers are so small and with the opportunity of having Mrs. Falconer present, it was thought that a dinner at which the wives of the graduates could also be present, would be the best. Have you any desires in the matter of arrangements for the occasion?

Mrs. Klotz and I are delighted to know that Mrs. Falconer is accompanying you, and wish to have you come and stay with us. We are looking forward to your visit.

With kind regards.

Yours sincerely,

OK-js.

February 11th, 1916

Dr. Oskar Klotz,

University of Pittsburgh.

Dear Dr. Klotz:

I have your kind letter with regard to my visit to Pittsburgh, and I have been waiting to answer it until I could get some further information.

As far as I can outline my plan at present I will address the New York Alumni on Monday the 13th of March, the Philadelphia Alumni on Thursday the 16th, then I go on to Baltimore for the 17th. After that I will go to Washington and perhaps spend a few days there for a bit of a rest. I would come up for over night from Washington to Pittsburgh, spend the day in Pittsburgh and leave Pittsburgh that night to arrive in Toronto the next morning. How would Wednesday or Thursday, the 22nd or 23rd of March, suit you for my visit to Pittsburgh?

It is very kind of Mrs. Klotz and yourself to invite me to stay with you while I am in the city, and I should be delighted to accept your invitation were it not that Mrs. Falconer will likely be with me and it might be too serious a burden to have us both.

While I am in Pittsburgh I should like to visit the Carnegie Institution. I met the President last June and he urged me to go to see him while there. I think his name is Dr. Hunsberger.

With kind regards, I am,

Yours sincerely,

February 3, 1916.

Dr. Robert A. Falconer,  
President, University of Toronto,  
Toronto, Ont., Canada.

Dear Dr. Falconer:-

I am very glad to hear that you are contemplating a visit to us in Pittsburgh, and we shall endeavor to get the group of graduates together for the occasion.

I have a short list of some of the University graduates residing in Pittsburgh, but do not know whether it is of recent date. If your office has a list available, I should be very glad to have it. I believe there are not more than twenty-five here.

The train service between Philadelphia and Pittsburgh is very good, and you will have a wide choice. The run is one of about eight hours, so that if you leave in the evening you arrive comfortably for breakfast. Was it your intention to leave Pittsburgh for Baltimore, or would you pass through Pittsburgh on your way home from Baltimore? In the latter event, you will not go through Philadelphia as the trains run by way of Harrisburg.

I should like very much to have you stay with me while in the City. Mrs. Klotz and I will be delighted to offer you the comforts of our small home.

With very kind regards.

Yours sincerely,

OK-js.

January 28th, 1916

Dr. Oscar Klotz,

University of Pittsburg.

Dear Dr. Klotz:

I am to be in Philadelphia on the 15th of March speaking at the Drexel Institute. It has seemed to me that it might be suitable, and certainly it would be a great pleasure, for me to be able to visit the graduates of Toronto who are resident in Pittsburg and in Baltimore at that time. You will know what arrangements of trains there are from Philadelphia so that I might perhaps visit Pittsburg on Friday the 17th of March. I have a list of our graduates who are in Pittsburg, and if you would like to have it I can forward it to you.

With kind regards, I am,

Yours sincerely,

President.

March 8th, 1916

Dr. O. Klotz,

University of Pittsburgh.

Dear Dr. Klotz:

Thank you very much for your kind letter and I shall certainly endeavour to stay for two days in Pittsburgh as you suggest. I wonder whether I could leave by the night train of Thursday after the dinner so as to arrive home on Friday morning. There will be accumulated business of a fortnight which I should like to get cleared off before the end of the week. Perhaps the dinner could be put at an hour that would let me away.

I am not quite sure whether Mrs. Falconer will be able to come with me owing to the illness of one of our boys but I still hope that he will be sufficiently well by the end of the week for her to abide by her original intentions.

With kind regards, I am,

Yours sincerely,

President.

February 22nd, 1916

Dr. Oskar Klotz,

University of Pittsburgh. \*

Dear Dr. Klotz:

Many thanks for your letter.

Could you let the arrangements for Thursday, the 23rd, remain as they are, and if I find it ~~possible~~ ~~possible~~ you to meet on Wednesday, the 22nd, perhaps you could have them changed?

How much time could you give me before definitely settling the date? One reason that I ask this is that I have not yet heard from Baltimore, and I do not know how many days I shall have after leaving Baltimore before coming to Pittsburgh. Mrs. Falconer and I wish to spend a few days in Washington on our way to Pittsburgh.

It will be a great pleasure to have the wives of the graduates with us that evening. I do not think of any other arrangements.

Yours sincerely,

President.
